REASONS FOR ALLOWANCE

The following is an Examiner's Statement of Reasons for Allowance:

The applicant's amendment filed 1/12/07 overcomes the technical deficiencies and the prior art rejection. Claims 1, 6, 8-10 and 14-34 are allowed because the prior art of record fails to suggest "a junction between the other electrode of the first diode and the other electrode of the second diode is connected in a gate of the normally on type FET" as combined in claims 1, 16, 19, 23, "wherein a junction between the second electrode of the first switch and the fourth electrode of the second switch is connected to the gate of the normally on type FET; whereby one of the first and second switches, which is connected to one of the first and second normally off type FETs of which source potential is low, is turned on whereas the other one of the first and second switches, which is connected to the other one of the first and second normally off type FETs of which source potential is high, is turned off" as combined in claim 27.

CONCLUSION

Any comments considered necessarily by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to DINH T. LE whose telephone number is (571) 272-1745. The examiner can normally be reached on Monday-Friday (8AM-7PM).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, TIMOTHY CALLAHAN can be reached at (571) 272-1740.
